Survival Kit

VOLUME I - 80 HAND DRAWN ICONS

+ 2 BONUS LOGOS & TEXTURES!

Thank you for purchasing the first volume of the Wilderness Survival Kit!

This collection of hand drawn icons is inspired by the very mountains you see above, the back drop to my life. Each icon has been drawn from scratch using the old fashioned pen and paper then made into a vector for you to use in your design work, giving it that rustic, wilderness feel.

Included in this kit:

- 80 hand drawn wilderness icons
- 2 hand drawn logos with fully editable fonts
- 4 hand drawn logo badges
- 2 textures
